From the East

Brethren, I am so sorry for the lateness of this note.

Firstly, I want to thank all of the Past District Deputy Grand Masters who graciously filled the Officer Chairs of Andrew Jackson Lodge last month. It was a long meeting, but we elected five men to receive the degrees in Freemasonry. We have a number more to be voted on and to date; I believe we are looking to be on the positive side by the end of the year. It appears that our programs and the brotherhood that visitors are feeling from our Lodge is moving them to want to join. That says a great deal for the Lodge and for all who attend.

This month we have as our speaker Anthony Pitch who will be talking to us about the assassination of President Lincoln in 1865. It looks to be a great talk. I have heard Mr Pitch speak before and was very impressed! Mr Pitch is a writer, Washington tour guide and an industrious researcher. Don't miss out on hearing this wonderful speaker.

So far, we are averaging between 50 and 70 coming to our dinners and open programs. For those Brothers and families and friends who are not coming, please don't be strangers. We are having a wonderful time! Come share with us.

The American Red Cross will be holding a blood drive on July 17th, 2010 from 9:00 AM – 2:00 PM at the George Washington Masonic Memorial. I am requesting your support and participation in this drive. I know that you will give full consideration to donating the "gift of life," and I thank you for your interest in this important effort. This blood drive is open to all, please encourage friends, relatives and neighbors to stop by and donate blood. Walk-ins are welcome, but appointments are preferred to help the Red Cross prepare for the workload. The Sponsor Code for this drive is 16634.

For your convenience we are offering the ability to schedule your appointment online by clicking here
<<https://www.membersforlife.org/rccm/mobilesch/login.php?sponsorcode=16634>> .

We will have our Ladies Night this month, on the 24th. We will have dinner at Chez Andree Restaurant at 10 East Glebe Rd. in Alexandria. Arrive at 6:30 PM for social time; dinner will begin at 7:00 PM. We have room for 30 to 35. Contact the

Lodge Secretary not later than July 15 for a reservation.

My thought for this month is about Achievement:

When do we become a Mason? After the First Degree? When do we become Fellowcrafts? We cannot fully enjoy visiting until we are duly qualified as a Master Mason, and even then, are we practicing Masons, or just members on the roll?

As individual Masons we are insignificant in such a great fraternal organization. Examine Masonry, which began as a small idea and evolved into what we have today. We must do many little things to accomplish a big thing. Think about it! Every tile in the mosaic pavement serves its purpose. The void which would be present if one is missing makes each sector indispensable.

You've heard the saying, "It's only a drop in the bucket". A drop in the bucket may appear insignificant, but, you know, a drop of water placed in the ocean does raise its level, even though imperceptibly.

Because a deed or event is small is no reason to ignore it. So it is with our Lodges. Be they small, appear insignificant, or be unimpressive; be they only a drop in the bucket, their contributions to Freemasonry can be measured.

Some ideas take a long time to prove and develop into something fruitful. So it is with Masonry. Our Ancient Landmarks, the backbone of our fraternity, have survived the pressures of time. A seed needs to be planted, cultivated and harvested. But, being a farmer, I am fully aware that the same planting does not always reap the same harvest.

We talk about our organization needing modernization. Much is said about keeping an open mind. This virtue is worthy of praise, but it should not stop there. Our minds should be always enquiring, not simply accepting new ideas, but exploring them, establishing their credibility, helping the good ones to become implanted and nourishing them.

This is where research becomes so important. Research, in essence, is an organized way of discovering the truths and merits of an idea.

Nearly all of us, (I'm no exception) waste more valuable time making alibis to ourselves about "not

having the time" than with any other excuse for our lack of achievement. Small amounts soon build into large amounts. A few minutes a day soon add up to hours of wasted time and finally we realize that 'time' has passed us by.

Each of us, in looking at life, seeks to make the best of our place in it. Life is a succession of challenges and a realization of basic values. It is up to us as individuals, to pick and choose that which is important to us, and to mankind.

In short, to live, we must act. To act, we must make choices. To make choices, we must consider values and values are determined by little things. In life, we have two paths to follow: to the one side - fear, hatred, envy; to the other side - confidence, love, sharing. Let us follow the Masonic path.

I hope to see everyone in Lodge this month on the 15th.

Fraternally Yours

David
